

## HUGHES VIGOROUSLY ASSAILS ADMINISTRATION

### G. O. P. NOMINEE MAKES FIRST SET SPEECH OF TRIP IN DETROIT

#### Attacks Wilson Administration for Its Foreign Policy, Its Mexican Policy and for Appointing What He Termed Inexperienced Men to Diplo- matic Posts—Will Be in Chicago Today.

DETROIT, Mich., Aug. 7.—Charles E. Hughes in the first set speech of his trans-continental trip, tonight assailed the administration vigorously for its foreign policy, its Mexican policy, for appointing men whom he termed inexperienced to diplomatic posts and for what he characterized as a raid upon the civil service of the United States.

**Refers to Democratic Slogan**  
"He kept us out of the war," Mr. Hughes said, referring to the president and a Democratic campaign slogan. "Yet he seized Vera Cruz. That was war—very ignoble war."

"What is the president's policy? Does any one know? Has the executive ever had a policy for more than six months on the Mexican question?"

"My friends, the trouble is that this administration has written such a record that no matter what it says you do not know whether it will stick to it."

"I have not a particle of militaristic spirit in my system, but if I am elected president I will see to it that American rights in Mexico are respected."

Mr. Hughes assailed the administration's course toward upholding American rights abroad during the European war.

"When I say that I am an American citizen," the nominee said, "I ought to say the proudest thing that any American can say."

"There is no man who could successfully present to an American community the platform that an American citizen's rights stop at the coast line and that beyond that American life is to be the prey of any marauder. The nominee cited the Republican platform's declaration that 20,000 government positions had been taken from the operation of the civil service law during the present administration and declared that that sort of thing has got to stop."

It was "inexcusable," Mr. Hughes further asserted for the administration to withdraw from Latin-American countries men in the diplomatic service who "had represented the country with credit and had acquired an admirable and important experience, and put in men utterly inexperienced."

**Assails Other Appointments**  
Other appointments by the president were assailed.

"If we are to have a secretary of state," Mr. Hughes declared, "we want a man who will stand before the world as a man of learning, of skill, of experience, of power."

Mr. Hughes also laid stress of what he termed the need for industrial brotherhood and closer co-operation between employers and employees.

After his main address at Arcadia Hall, Mr. Hughes delivered a second address at the Light Guard Armory in which he reiterated many of the statements made in the first address.

Mr. Hughes spent a strenuous day in the stifling heat of Detroit. He made six speeches between noon and ten o'clock tonight.

The first talk of the day was delivered in a little room of the hotel which he made his headquarters and was addressed to about forty manufacturers, interested in the social welfare of their employees. The second address delivered in the same room was on suffrage. One hundred women heard him repeat his declaration in New York that he wanted the question speedily settled by granting women the vote thru amendment to the Federal constitution.

After lunch the nominee went to the Detroit-Philadelphia ball game and watched one inning.

Then he motored away to two of Detroit's big automobile factories and addressed crowds at each on industrial co-operation. Between speeches he held many short conferences with local political leaders, shook hands with about 2,000 persons and managed to find time for two short naps. He left late tonight for Chicago.

Mr. Hughes, at the meeting at Arcadia Hall, spoke in part as follows: "You have here the problem of the sudden introduction of a large alien population. You did not remain indifferent. You set an example in Americanization to all Amer-

ica; and we point to Detroit as the one place in this land where there has been shown a quickening of interest in the development of training and Americanization of alien women and men who have come to this land.

**Assume Obligations.**  
"It is perfectly idle to expect a sound sentiment of American unity if those who come among us as strangers come merely to be exploited. When we admit men and women to this country we assume obligations with respect to their training, as well as grant to them the privileges; and we have got to be awake to these obligations, and to realize that in every community there must be a well organized effort to make America supreme in the thought of everyone who comes into the community; to have the language understood and spoken; to have American sentiment replace foreign sentiment; to have American ideals replace foreign ideals; to have a realization that this is a country not simply giving an opportunity to work for dollars, but a country that is devoted to the betterment of human life."

"But America is not simply a land for the man of special talent or of distinguished aptitude. This is the home of the average man who is doing his best, whatever, by talent or aptitude; and in our large industrial occupations we want to recognize of human brotherhood in providing for the welfare of those who make the wealth of this great country."

"We want working men to be safeguarded from every injury that can be prevented. We want the health of the workingmen looked after; every means provided for proper recreation; appropriate means for education, for vocational training. In short the working man ought to feel that he is doing something worth while for a community that appreciates it and gives him a fair chance to lead a happy and a decent life."

"We have got along in this country altogether too easily with our wealth of natural resources. Men have been content to try to make something for their individual selves but now we have reached a point where it is necessary as it has been necessary abroad to try to reduce all waste, to try to prevent all unnecessary outlay."

"I want efficiency in the government of the United States. If a manager was to be appointed in an automobile factory would you appoint a man that had never seen an automobile? If you want to run successfully a large business enterprise in production would you appoint a man who didn't know anything about it, simply because he voted the ticket that you vote? My friends, in the world that we are about to live in, in the next twenty five years, is going to be a very different world from what it has been."

"Now, if you have a great administrator appointed to a position of extraordinary power, how will you judge his efficiency in the conduct of the enormous business interests with which he is intrusted. Judge him by his words. I judge him by his appointments."

"I want to state a few things that are not very pleasant to an American audience. We have said frequently that we desired to cultivate the most friendly relations with Latin-America. What have we done? In country after country we have taken out men who have given long periods successfully to the study of diplomacy and have represented the country with credit. We have taken them out and put in men utterly inexperienced. I say it is inexcusable. This country will never be worthily represented nor take its place properly among the nations if men are appointed merely to satisfy obligations and those who are ideal of continuity of service in our diplomatic intercourse."

"Past administrations, I grant you, had sinned in that particular but standards were being made and there were men in our service of long experience and fine training."

#### FIRE DEPARTMENT CALLED TO SOUTH DIAMOND STREET

The fire department was called to South Diamond street last night 7:45 o'clock. No residence was on fire but two wires on the Jacksonville Railway and Light Co. circuit had been crossed, causing a telephone pole to catch fire. No especial damage was done as the firemen soon had the blaze under control.

## War News Summarized

WASHINGTON.—Organization of an unofficial group of senators and representatives to keep congress informed of Chinese affairs similar to "other Chinese groups" formed in European parliaments was announced.

DANVILLE, Ill.—When operated upon at a local hospital for appendicitis the surgeons found a wooden toothpick in the appendix of Mrs. J. Pearson of Gessie, Ind., who was taken suddenly ill Sunday morning.

CEDAR RAPIDS, Iowa.—Rose Catlo Karbia, who was arrested in Chicago last week on request of Cedar Rapids police for alleged train wrecking, escaped from the police majron and an officer in Clinton while the train was pulling out of that city at twenty miles an hour.

BROWNSVILLE, Texas.—Major O. R. Fischer, Illinois Cavalry and one non-commissioned officer from each Illinois Cavalry troops will leave Wednesday for Chicago to recruit 254 men to fill the ranks of their troops.

WASHINGTON.—Final plans for convening a joint commission to consider existing differences with Mexico probably will be talked over at today's cabinet meeting, and selection of the American commissioners and the time and place of meeting may be made within a few days.

CHICAGO.—Civil service retirement, better road laws and automobiles for deliveries, are some of the questions that will be considered at the convention of the National Rural Carriers' Association which convenes here Tuesday. Eight hundred delegates from practically all the states are expected to attend the convention.

## LESS INTEREST THIS YEAR IN OHIO PRIMARY BATTLE

Sharp Contest Over Selection of Successor to Senator Pomerene—Willis Likely to Head State Republican Ticket.

Columbus, O., Aug. 7.—Candidates seeking nomination on State, senatorial, congressional and county tickets throughout Ohio today completed plans for getting out a large vote at tomorrow's primary election. There are several sharp contests to be decided, but on the whole public interest has not been aroused to a very high pitch. Little doubt exists as to who will be named to head the State tickets. This fact, combined with the virtual extinction of the progressive party as a factor in Ohio politics, has served to make the primary battle this year a much tamer affair than is usually the case in the Buckeye State.

The principal interest centers in the choice of candidates for United States Senator to succeed Atlee Pomerene, whose term will expire next March. Senator Pomerene is a candidate for renomination on the Democratic ticket. He is opposed by John J. Lentz of Columbus, a former congressman and an avowed prohibitionist. The supporters of Senator Pomerene predict that he will be renominated by a good majority.

The contest for the Republican senatorial nomination is between former Governor and Ambassador Myron T. Herrick of Cleveland and Harry N. Daugherty of Columbus, former chairman of the State executive committee and for many years a conspicuous figure in Republican politics in Ohio. Each candidate has individual strength. While Mr. Herrick possesses the prestige that naturally attaches itself to the high offices he has held in the State and Nation, Mr. Daugherty stands close to the rank and file of the party throughout the state and is believed to be particularly strong in the "old Guard" which stood solidly behind former President William H. Taft.

Governor Frank B. Willis is generally expected to be named again to head the Republican state ticket, although he has rather formidable opposition in Ralph A. Mack of Cincinnati. The name of George W. Shaw of Cleveland will also appear on the ballot as a candidate for the Republican gubernatorial nomination but he is not considered as a very serious contender. It is taken for granted that the Democrats will name James M. Cox of Dayton for the governorship. Mr. Cox was governor from 1913 to 1915, when he was defeated for re-election in a close contest with Mr. Willis.

## COURT-MARTIAL FOR GUARDS

Columbus, N. M., Aug. 7.—By order of Secretary of War Baker a general court-martial convened here today for the trial of members of the New Mexico National Guard who refused to be mustered into the service of the United States when the State troops of New Mexico, Arizona and Texas were called out for border duty last May by the President. The personnel of the court comprises four regular army officers and nine officers of the New Mexico National Guard, with Major George E. Stockle, of the Twelfth Cavalry presiding.

## TO LAUNCH DEMOCRATIC CAMPAIGN AFTER SEPT. 1

### REACH DECISION AT CONFERENCE OF WILSON-M'CORMICK-CUMMINGS

Chairman McCormick Plans to Have Campaign in Full Swing by Sept. 15.—Definitely Determine That President Will Not Speak in Maine.

Washington, Aug. 7.—A decision to launch the Democratic national campaign soon after September 1st, regardless of whether congress still is in session then was reached at a conference today between President Wilson, Vance C. McCormick, chairman of the national committee and Homer S. Cummings, the committee's vice-chairman.

Mr. Wilson has already promised to go to Hodgenville, Ky., Sept. 14th, and has made a tentative engagement to visit St. Louis Sept. 19th, 20th or 21st to address an organization of underwriters.

Chairman McCormick said he planned to have the Democratic campaign in full swing by Sept. 15th.

Mr. Cummings, who is chairman of the speakers' bureau at Democratic national headquarters, told the president of the progress made in assigning speakers to the various states. It was definitely determined that the president would not speak in Maine where the election comes September 15th, but he will in other ways take part in the campaign.

W. J. Bryan, Mr. Cummings said, probably cannot take part in Maine campaign, but will make many speeches later.

An active campaign will be carried on by the Democrats in more states this year than ever before, the two leaders said. The Democratic organizations in Republican strongholds are being strengthened with the idea of putting up a fight all along the line.

Selection of the Democratic campaign committee has been almost completed Mr. McCormick announced and its personnel will be announced within a few days. The chairman remained here until late tonight discussing the make-up of the committee with other Democratic leaders.

Plans for winning the women voters will be pushed actively, according to Mr. McCormick, in spite of the announcement of Charles E. Hughes the Republican nominee, that he favors a federal suffrage amendment.

A woman's bureau at the New York Headquarters will be organized in the near future.

## POINTS ALONG MAINE COAST WATCH SHARPLY FOR SUBMARINES

PORTLAND, Me., Aug. 7.—Points along the Maine coast watched sharply tonight for two submarines believed to be foreign vessels, possibly the long expected German Merchantman Bremen and a consort.

The strange vessels were reported four miles off Cross Island, near Machias and close to Canadian waters today by a coast guard lookout, but no word has yet reached here to bear out the emphatic declaration from that station that they were under-sea craft and were proceeding at top speed toward the west.

## HERT TO MANAGE WESTERN BRANCH

Chicago, Ill., Aug. 7.—A. T. Hert, Kentucky's member of the Republican national committee will be manager of the Western Branch of the Hughes campaign with headquarters in Chicago. It was announced tonight by National Chairman William R. Wilcox, after he had consulted party leaders of the central states.

## PROPERTY OWNERS NOT SATISFIED WITH BELLS

Many of Them Believe Subway Necessary for Permanent Benefit at Henry Crossing.

An article in Sunday's Journal referring to the meeting of residents of the Woodson neighborhood at the Henry crossing south of that town suggested that the proposition of the railroads to establish a bells system there was satisfactory to the residents. Several residents of the neighborhood stated to the Journal yesterday that the article was incorrect. They state that the railroad company proposed to install the bells system and asked the farmers for their opinion on this program and the farmers told the railroad men that they would advise them later.

After considering the question in all its relations, the persons most interested have determined that the proposed bells system would not afford sufficient safeguard, and they believe that the only permanent and satisfactory solution of the problem is the construction of a subway. Further conferences between the officials and the residents of the neighborhood are expected.

Eugene Sutherland of Virginia was visiting friends in the city Sunday. Mrs. Sutherland employed as field agent for James Millikin University, where he is enrolled as a student.

## TELEGRAPHIC BRIEFS

The Germans have suffered further losses at the hands of the French between the Hemwood and the river Somme, losing there a line of trenches and 120 prisoners and ten machine guns, and also in the Verdun sector where the French made progress south of the Thiaumont work and captured five machine guns and took some houses in the village of Fleury. After a heavy bombardment of the British positions the Germans launched violent infantry attacks north and northeast of Pozieres, and at two places succeeded in entering British trenches. Their success was not long lived for the British soon drove them out inflicting heavy casualties on them.

Amid continuous rains which have turned the country into a quagmire, the Russians are keeping up their strong offensive against the Teutonic allies in northern Galicia and have pushed forward their lines against them in the Sereth and Graberki river region.

Also along the Stokhod river in Volhynia the Russians have driven the Teutons from their trenches and occupied them, taking twelve officers and 200 men prisoners and capturing one machine gun.

In the Carpathians the Germans report the capture of two peaks from the Russians.

Constantinople reports a series of gains for the Turks fighting against the Russians and Petrograd admits at least one of the claims—that the Russians have been forced to retire under pressure to the region east of Kermanshah, Persia. An attack by the Russians north of Baku, according to Constantinople and in Turkish Armenia near Bitlis and Mush the Russians have been put to flight and the Turks have taken from them positions the Russians had previously captured.

The latest reports concerning the attack of the Turks against the British forces with the Suez canal their object indicated that the Ottoman forces met with a reverse even more seriously than was first chronicled. Driven back 18 miles into the desert, fighting rear guard actions they suffered heavy casualties and of their total force of 14,000, lost 45 officers and 3,000 men made prisoners. They now have been entirely cleared from the Katia-Umaishi Basin.

Violent fighting is in progress between the Austrians and Italians especially around the Gorizia bridgehead on the Doberdo plateau, and on the lower Isonzo river. Near Monte Sabotino and Montesan Michel the Italians captured advanced Austrian positions but Vienna says the greater portion of these latter were retaken by the Austrians. On the lower Isonzo, Rome reports the capture by the Italians of Hill 85, which was held against violent counter-attacks.

## TO NAME CANDIDATE FOR CONGRESS

Bangor, Me., Aug. 7.—Republicans of the Fourth congressional district, at a special convention here tomorrow, will name a candidate for Congress to fill the vacancy on the ticket caused by the failure of Representative Guernsey to accept the renomination tendered to him at the June primaries. Mr. Guernsey withdrew to make the race for the senatorial nomination. Candidates for the congressional nomination are Hugo Clark of Bangor, Bertram L. Smith of Patten, and Ira G. Hersey of Houlton, president of the Maine senate and an unsuccessful candidate for the United States senatorial nomination at the last primaries.

## NATIONAL BUTCHERS' CONVENTION

Omaha, Neb., Aug. 7.—The annual national convention of the United Master Butchers of America met in this city today with delegates in attendance from Chicago, St. Louis, Kansas City, Denver, St. Joseph, Cincinnati and numerous other cities. Much important business relating to the affairs of the organization and the welfare of the members of the craft is slated for consideration during the four days' sessions.

## TYPOS CONVEGE AT BALTIMORE

Baltimore, Md., Aug. 7.—The sixty-second annual convention of the International Typographical Union met in this city today. Addresses of welcome were made by Mayor Preston, the officers of the local union and others and were responded to by Marsden G. Scott. The reports of officers were then presented to the convention. The sessions will continue through the week. There will be no election at this meeting. The Woman's Auxiliary also is in session. The total attendance is estimated at nearly two thousand delegates and visitors, representing the principal cities of the United States and Canada.

## WEATHER INDICATIONS AND TEMPERATURES

ILLINOIS: Generally fair Tuesday and Wednesday; somewhat cooler Tuesday.

Temperatures.	
The current maximum and minimum temperatures as recorded for Monday were:

Buffalo	80 82 76
New York	84 83 74
Chicago	89 96 79
Detroit	72 92 76
Omaha	78 80 70
St. Paul	78 82 72
Helena	86 88 50
San Francisco	56 58 48
Winnipeg	76 80 56

## RECOMMEND REVISION OF HOUSE REVENUE BILL

### WOULD MAKE SWEEPING INCREASES IN INHERITANCE TAX

Proposed Taxes on Big Inheritances Would Increase Estimated Revenue from that Section from \$54,000,000 to \$72,000,000—Revise Munitions Tax Section.

Washington, Aug. 7.—Complete revision of the munitions tax section of house revenue bill and sweeping increase in the inheritance tax were ordered recommended to the Democratic caucus today by Democratic members of the senate finance committee.

The proposed higher taxes on big inheritances would increase the estimated revenue from that section of the bill alone from \$54,000,000 to \$72,000,000. Retaining the house bill taxes of one percent on estates over \$50,000 graduated up to five percent on those in excess of \$450,000, the committee added schedules of six percent on the net estate in excess of \$1,000,000, seven percent on \$2,000,000 to \$3,000,000, eight percent on \$3,000,000 to \$4,000,000, nine percent on \$4,000,000 to \$5,000,000 and ten percent on estates in excess of \$5,000,000.

In revising the munitions tax the committee struck out the varying rates provide in the house bill for munitions of war, powder, explosives, shells, cartridges, projectiles, products of copper and the like and decided to substitute a flat uniform tax on all of these commodities.

The committee also decided to add the following commodities utilized in making munitions:

Steel billets, ingots, blooms, shell forgings, denatured alcohol, cotton lint and chemicals actually used in the manufacture of munitions. The rate to be imposed still is to be determined.

The income tax section was completed during the day, the committee retaining the normal tax of two percent on all incomes in excess of \$4,000 and \$3,000 respectively for married and single persons, adding the tax of one percent on incomes in excess of \$3,000 and \$2,000 respectively for married and single persons. Retaining the surtaxes as proposed in the house bill with the exception of an increase from ten to 13 percent on incomes in excess of \$1,000,000.

All of the proposed changes are subject to the approval of the Democratic caucus.

## NO EVIDENCE OF FOUL PLAY FOUND IN CLERIHAN DROWNING

Coroner's Jury, in Re-Convened Session at Meredosia, Confirms Former Verdict of Accidental Death.

The coroner's jury sworn to inquire into the death of Frank Clerihan, who met death by drowning at Meredosia, reopened the case Monday and after hearing further testimony brought in a second verdict of death by purely accidental causes. The jury consisted of Louis F. Berger, foreman; Michael Cody, John Vanderlip, George Debinder, Charles W. Wainwright and H. D. Berger.

From Jacksonville there were present the coroner, George W. Wright, State's Attorney William N. Hairgrove, William Clerihan, brother of the deceased and P. H. Lyon, who was in company with Clerihan a short time before the drowning.

The hearing began at 10 o'clock Monday forenoon and was brought to a close at 2 o'clock. Rumors of foul play had been current and at the request of relatives, the case was reopened.

## MONDAY IN CONGRESS

**Senate**  
Met at 10 a. m.  
Senator Overman attacked constitutionality of child labor bill.

Conferees resumed consideration of naval bill differences.

Finance committee Democrats continued consideration of general revenue bill.

Conferees reported agreement on army bill.

Conferees reached agreement on all sections of naval bill except building and personnel on which disagreement will be reported.

Finance committee Democrats agreed on schedule for inheritance taxes.

Recessed at 6:05 p. m., until 10 a. m. Tuesday.

**House**  
Met at noon.

Considered miscellaneous calendar bills.

Conferees reported agreement on army bill.

Adjourned at 5:25 p. m., until noon Tuesday.

## MURRAYVILLE ELEVATOR SOLD

The materials of the old elevator at Murrayville were sold at auction Saturday afternoon. C. J. Wright acted as auctioneer. The total of the sale was less than \$120. It is the plan of the Murrayville Farmers Co-operative Elevator company to begin work on the new structure as soon as possible.

## CONFEREES AGREE ON ARMY MEASURE

### Chamberlain Will Call Up Appropriation Report in Senate Today

## DISAGREE ON NAVY BILL

### Vote to Reach Disagreement on Construction Program and Personnel Increases

## CHANGE RETIRING AGE LIMIT

WASHINGTON, Aug. 7.—National defense legislation in congress is approaching completion. Today the conference committee on the army appropriation bill submitted a complete agreement and the conferees on the naval bill voted to disagree on the construction program and personnel increases, the only remaining points of dispute in that measure so that the issues might be referred back for quick settlement by the two houses themselves.

Members of the house, the majority of whom are away on vacation, will be called back to Washington next week for a vote on the building and personnel sections of the naval bill.

Representative Padgett, chairman of the house committee said he would submit the conference report Thursday and call it up the following Tuesday or Wednesday for action.

President Wilson, navy department officials and other adequate defense champions of the administration are expected to make a determined effort to induce house leaders to yield to the senate program for construction of sixty six vessels, eight of them to be capital ships during 1917.

Agreement was reached by the conferees on administrative features of the personnel section but they could not get together on the question of increases in the enlisted strength. The administration is anxious that the larger senate authorizations of this section, providing for a total enlisted strength of 74,000, also be accepted.

Secretary Daniels' plan for promotion of navy officers by selection instead of seniority was accepted, but was so amended that it would not apply to officers lower than the rank of commander.

Provision is made for a board of nine admirals to pass on promotions and six must agree in each case. It also was agreed that captains who are not promoted before reaching the age of 57 shall be retired, and that commanders not being promoted be retired at 45, and lieutenant commanders at 40.

The conferees also raised the general retiring age limit from 62 to 64 years.

Senator Chamberlain will call up his army appropriation report in the senate tomorrow.

The bill as agreed on carried \$267,597,000, or \$85,000,000 in excess of the house bill.

Among the big army appropriations as agreed are:

For aviation \$13,281,666.  
Pay of officers of line \$10,000,000.  
Transportation \$23,000,000.  
Clothing \$20,280,000.  
Subsistence \$20,000,000.  
Ordnance stores and ammunition \$19,000,000, of which \$5,000,000 shall be expended for purchase of munitions, the remainder to be used for manufacturing.

Ordnance stores and supplies \$9,500,000.

Armed motor cars \$500,000, reduced from \$1,000,000.

Field artillery and ammunition for national guard \$20,000,000, reduced from \$28,000,000.

For automatic machine rifles \$12,000,000, reduced from \$15,000,000.

For training camps such as that at Plattsburg, the bill appropriates \$2,000,000.

## PROF. SONTAG RESIGNS.

Prof. H. F. Sontag has presented his resignation as teacher of the parochial school of Salem Lutheran church and has accepted a like position in Rorsey, Madison county. Mr. Sontag will leave for his new work some time this week. The Rev. J. G. Kuppler, pastor of the church will serve as teacher until a regular instructor can be secured. The congregation expects to issue a call at once.

## Safety First for Fish

The demand for steel cars, in pursuance of the policy of safety first, has proceeded so far that the department of commerce is demanding steel cars even for baby fish. The bureau of fisheries is striving to replace its wooden cars with those made from steel. One such car was recently put in service and congress has made an appropriation for two more. The real argument made is not that the cars will add to the safety of the fish but that the old wooden car, used with steel cars as often happens, makes a train menace.

## Big Figures

That J. P. Morgan has made more in the past two years than his father did in a lifetime is a great financial accomplishment. The credit to the younger Morgan is lessened somewhat when it is considered that the father began in a much more modest way than his son and did not inspire much jealousy to the average man, for they are too vast to be realized.

## If All Property Were Taxed

Up in Elkin they have discovered that a wealthy Chicago citizen who lives there has scheduled but \$2,875 with the Elgin assessors. The citizen is reputed to be worth \$4,000,000 and investigation is to be made as to where the rest of the wealth is kept. This situation reminds of the condition in England, where despite the war conditions the past year has shown a vast increase in the wealth of the people. This showing is made because in the stress of war and from the vigilance of officers great wealth heretofore unlisted has been unearthed. It is said that in this country—the richest in the world—if all the property which should really be taxed were returned to the assessor that the government income would be nearly double.

## Going the Limit With Efficiency.

There does not seem to be any limit to the discussion of "efficiency and scientific management" these days. The only danger is that the word and work will be overdone. Now it is announced that the movement for better and more efficient management has even touched the free and easy cowboy country and ranch life. The University of Nevada has founded in college and station a department of ranch management. That state has an im-

## THE LIFE WE LIVE

This life, my friends, is just the thing; one day we weep, the next we sing; today we whoop, tomorrow wall, which keeps us all from going stale. And as our days and years advance, we never know just what will chance. Tomorrow's mysteries are hid, and she is sitting on the lid, and what she has in her old chest, can never be by mortal guessed, and that is why this life is sublime, and why we have so great time. If we could see in the future tread, if we could see a year ahead, and know just what the gods will send, the spice of life would have an end. The unexpected is the stuff that makes this planet good enough. At morn you rise, depressed, and say, "I fear 'twill be a lonesome day, with none to brush away my tears, or tie some tassels on my ears." And while you raise a mournful din, your aunt and seven kids blow in with baggage packed in trunk and crate to stay six months or maybe eight. 'Tis then that you, with buoyant mirth, rear up and bless your native earth.

## DATES IN ILLINOIS HISTORY.

August 8, 1808—Governor Joel A. Matteson was born in Watertown, New York.

men area too elevated for ordinary agriculture but well adapted to the grazing of cattle and sheep. So the university has developed a course centering around the growing of certain forage plants in these great areas and adapting them to grazing plains. Other western universities have also taken up special questions of agriculture as related to ranch life and management.

When one seriously considers the mother, there is no reason from an educational standpoint why ranch work should not be studied in the west with just the same interest that farm problems are studied and discussed in the states further east. They are all simply problems of agriculture and animal husbandry. The only surprising thing in the thought about the new courses is that life on the western plains has always been considered so unstrained that it is difficult to think of the life there guided by books and rules.

## Paving Needs.

It is unfortunate that in connection with the good roads demonstration in Jacksonville next Monday that the visitors must also have a demonstration of bad pavements. Those who drive thru Jacksonville streets are daily more impressed with the great need there is for new paving and repaving. The street pavements over which horse drawn vehicles or automobiles can be driven with comfort are easily numbered on the fingers of one hand. It is, therefore, fortunate that the members of the city council are seriously interested in paving work. Their plans call for a certain amount of paving this year and for a considerably greater amount for next year. If the legal steps are taken this year and any preliminary work is done that is necessary with reference to water, sewer or gas connections, then everything will be in fine condition for the paving in 1917. It is the history of other paving work while meaning occasionally some hardship to property owners, in the vast majority of cases proves a wise investment.

## Millions For Denmark

In view of the proposed purchase of the Danish Islands from Denmark by the United States for the sum of \$25,000,000, the story just made public that Germany some time since forced an indemnity payment from Denmark has special interest. According to the story from Amsterdam, because a British submarine was permitted to enter the Balken sea from the North Sea thru Danish waters Germany was able to exact this great indemnity. The proof Germany had was so positive, according to the story, that there was no way for Denmark to evade.

Now there seems to be a doubt reason for Denmark's desire to sell the possessions near the Panama Canal to the United States. First, to secure a large payment to offset the indemnity exacted from Germany, and secondly because Germany in the past has not been enthusiastic about the transfer of these islands of the United States. Of course the purchase has not been completed but the proposed treaty providing for the payment is said to have been approved by one house of the Danish parliament and if the approval of congress is given the deal will be consummated. Incidentally the Danes seem to think that war time prices should apply to the islands for when the deal came near completion a few years ago the price proposed was \$5,000,000. Now they have the figure up to five times that amount.

## SAVE YOUR RAGS AND PAPERS

Forrest Crissy in the Saturday Evening Post: Mr. Arthur C. Hastings, president of the American Writing Paper Company at Holyoke, Mass., looks at the household waste situation in this way:

"The blight which has stricken the New England paper mills into their present uselessness has been a lack of materials that have been wantonly sacrificed on the family trash fire. Every large manufacturer today in the paper making line keeps closely in touch with the supply of raw materials. This is one of the biggest responsibilities resting on his shoulders. Consequently it has been up to me to give careful consideration to this problem and to canvass it rather thoroly.

"All the information I have been able to assemble on this subject forces me to the conviction that this waste rags and papers, if saved and collected with anything like the care and diligence exercised in any of the European countries, to keep every existing paper mill producing steadily and consistently, not only making all the paper we need for our own use, but also putting us in position to furnish quite a large part of that demanded by many other countries. Anyhow, we should be able, very comfortably to keep ourselves going in all kinds of paper requiring rags and waste papers into which rag stock has originally gone. And I repeat that we should probably be able to do some export business besides.

"If the paper mills that have fallen into disuse and decay because of an insufficient and un dependable supply of waste rags and papers with which to work were right now in condition to run, and could obtain their materials at a reasonable rate, they could make a splendid record and help to found a great international trade in American made papers."

Mrs. A. O. Harris and children, of near Orleans, left Monday for a vacation visit in Harbor Springs, Mich.

## SCHOOL BOARD PLANS FINANCES FOR YEAR

BUDGET IS ADOPTED AFTER COMMITTEE REPORT IS HEARD

Special Teachers Named and all Salaries Fixed—Supt. Perrin's Text Book Recommendations Adopted—Claims Referred to Finance Committee—Will Hold Expenses Within Income.

The much mooted question of the budget for the schools for the ensuing year and the appointment of several teachers was settled at the regular meeting of the board of education Monday night.

The salary of the manual training and music teachers was fixed at \$1,000. This in the case of Miss Anna G. Brown is \$300 less than the salary she has been receiving. The department of Art was eliminated in so far as special teacher is concerned and the work of teaching that subject will be distributed among the various teachers. The truant officer's salary was fixed at \$585 and that of the public health nurse at \$675.

Mr. Rogerson also made a report on the budget which was fixed at \$75,000 for general educational purposes and \$12,000 for building and repairs.

The board harked back to the last meeting and discussed the matter of R. L. Pyatt's claim for services to the schools after the old board went out of existence. At the last meeting the board rejected Mr. Pyatt's claim and also the claim of Miss Louise Bauman for stenographic work. Monday night the question of Mr. Pyatt's salary was referred back to the finance committee for further investigation.

## The Proceedings.

When the roll was called by Secretary Pierson it showed all members present except Rapp and Hopper. Mr. Rapp came during the meeting. The minutes of the regular and special meetings were read and approved as read.

Mr. Rogerson for the special committee on the state of the finances of the board made the following report.

## Finance Report.

Your Special Committee appointed to check and approve the General Fund and the Building Repair and Bills left unpaid by the old Board, wish to report that they have done so and have issued warrants in payment of same as follows:

There was in the Building and Repair Fund July 1, 1916 ..... \$11,023.84  
Warrants have been issued amounting to ..... 11,023.47

Balance in Treasury ..... \$ .37  
There were approved Building and Repair Bills amounting to ..... \$13,009.69  
Warrants have been issued amounting to ..... 11,023.47

Leaving a deficit of ..... \$ 1,986.22 in approved bills which have been paid and arrangements made to carry the same until such times as funds are available to take them up.

Your Committee wish to report there were also approved and unapproved bills in the General Fund amounting to ..... \$ 6,504.27  
Warrants have been issued for ..... 6,504.27

There were also pay rolls for February, March, April and May amounting to ..... 30,052.86

Warrants have been issued for ..... 30,052.86  
Warrants issued for General Fund Approved Bills ..... 6,504.27  
Warrants issued for teachers' salaries ..... 30,052.86

Total ..... \$36,557.13  
Funds in hands of Treasurer July 1, 1916 ..... \$20,438.13

Outstanding teachers' salary warrants bearing 5 per cent interest, being carried by Banks ..... 16,105.00  
INSERT REPORT  
On motion of Mr. Metcalf the report was received and placed on file.

Mr. Rogerson also made a report on a number of claims. In the matter of paying the judges and clerks for the election when the present board was elected he recommended that they be allowed one day's pay at \$3 and that the board pay for the polling places and for meals actually served. The recommendation of the committee was accepted.

Mr. Rogerson also reported upon the matter of adopting a system of bookkeeping for the board which was referred to the finance committee with fowle rto act. The committee has engaged R. A. Gates to close the books of the old board and open up a new set to conform with present conditions.

Dr. Black for the special committee to fix salaries of certain departments recommended the following: That the salary of the manual training teacher be fixed at \$1,000, the salary of the teacher of music be fixed at \$1,000; health nurse at \$585; that the teaching of art be distributed among the various teachers. The report was accepted.

Mr. Rogerson then presented the budget and teachers salaries for the ensuing year as follows:

Budget Outlined.  
1. Supervision and Instruction.  
1. Superintendent ..... \$2,100.00  
2. Supervisors (music) ..... 1,000.00  
3. Principals and teachers.  
1. Regular by buildings ..... 51,094.00  
2. Special  
1. Health Nurse Teacher ..... 675.00

(Continued on page five.)

"VIA WIRELESS" By Paul Armstrong and Winchell Smith

The Durant yacht strikes a mine, and in the rush to leave her, Frances is trapped in the wireless room. With the black waters surging up around her shoulders, and every means of escape cut off, she sends the "S. O. S." signal taught her by Lieut. Sommers. Here follows a mass of dramatic complications as the plot gradually resolves itself to its amazing end.

#### MATRIMONIAL

##### Taylor-Ferreira

Miss Ila Ferreira and Russel W. Taylor were quietly married at the home of the bride's parents on East Lafayette Avenue at 9:15 o'clock Monday evening. Rev. H. A. Sherman officiating. The wedding was attended only by the immediate relatives of the young people. Miss Gladys Ferreira, sister of the bride, acted as bridesmaid and Earl Hallows was groomsmen. The cutting of the wedding cake afforded much amusement. The ring was found by Miss Ethel Cruse, Mrs. Claude Dixon found the darning needle and the time was discovered by Clarence Taylor.

The bride is the daughter of Mr. and Mrs. R. M. Ferreira of 300 East Lafayette Avenue and is a charming young woman in every respect. She was graduated from the Jacksonville High School with the class of 1915, was a member of the High School debating team and was active in all school undertakings.

Mr. Taylor is a farmer by occupation and has a wide circle of friends in this city and in his home community, Winchester. He is the son of Mr. and Mrs. George W. Taylor who resides east of the city.

The young people after a wedding trip will be at home on a farm two miles west of Winchester. Their many friends will extend to them hearty congratulations, and will wish them much happiness in their wedded life.

##### Todd-Curtis

Miss Elizabeth Curtis, 325 Brown street, and Russell Todd of Flint, Mich., were married in Flint, Mich., several weeks ago, friends of the young people learned when Mr. and Mrs. Todd arrived in Jacksonville Saturday for a short visit. Miss Curtis went to Flint in June and the ceremony was said a short time after arrival in the Michigan city.

Miss Curtis was reared in Jacksonville, attending the parochial schools and Brown's Business college. For a number of years she was employed in the office of the Central Union Telephone Co. Mr. Todd was reared in Morgan county but for some time has held a position in the Buick factory at Flint.

Mr. and Mrs. Todd expect to leave for their home today.

##### Farrow-Kochler

The marriage of Albert A. Farrow and Miss Zelda O. Kochler took place Monday evening at 8:30 o'clock at the parsonage of Northminster Presbyterian church. Rev. W. E. Spooner officiating. The groom has for some time been employed by the city, holding a position at the north end pumping station. The bride was born and reared in the vicinity of Franklin. Mr. and Mrs. Farrow will

continue to make their home in Jacksonville.

##### Stevens-Monroe

Samuel N. Stevens, a former resident of this city, was married in Ripon, Wis., to Miss Cora A. Monroe of Ripon, Saturday morning at 6:30 o'clock. The young people came at once to this city for a visit with Mrs. Millie A. Stevens on North Fayette street. They will then return to Fon Du Lac, Wis., for a short visit, and from there to Ripon where Mr. Stevens is employed as linotype operator on the Ripon Press. He was for some years a resident of this city and was employed as a printer in the shop of the Graphic Arts concern.

#### SOCIAL EVENTS

##### Many Present Sunday at Murrayville Celebration

Sunday was an enjoyable day at the home of Mr. and Mrs. James Bernal of Murrayville when one hundred twenty relatives and friends joined in observance of the silver wedding of Mr. and Mrs. Bernal and the twenty-fifth anniversary of ordination to the priesthood of Father Connolly of Tucson, Ariz., brother of Mrs. Bernal.

High mass was celebrated at the Catholic church in Murrayville with Father Connolly officiating. Father Spaulding, V. G., of Alton, was deacon and Father D. J. Ryan of Granite City, served as sub-deacon and also preached the sermon.

After the morning service dinner was served at the home of Mr. and Mrs. Bernal and then when the wedding cake was cut emblems were found as follows: ring, Miss Mayme Felt, Jacksonville; ten cent piece, Mrs. William Tracy, Jerseyville; penny, Mrs. Timothy Murphy, Murrayville; darning needle, Mrs. G. A. Hobbs, Murrayville; cross, M. E. Riley, Murrayville; key, Miss Ida Bernal.

During a short program of music and toasts, brief addresses were made by Father Connolly and Father Spaulding. Among those who took part in the informal program of musical numbers were Father Ryan of Granite City, Frank Flynn of Clements, Peter W. Connolly, Jerseyville; Lizzie and Serena Connolly, Stella and Thomas Ring, Edmund Connolly, Mrs. Coy Palmer, James Connolly, Misses Ida Bernal and May Tracy.

##### Enjoy Dinner at J. H. Cain Home

A group of friends of J. H. Cain and family enjoyed a dinner given at the Cain home south of the city Sunday. The dinner was served at one o'clock and all did ample justice to the good things furnished. Those present were: Miss Margaret Blackburn of Lamar, Ia., Miss Dorothy Rakkers of Quincy, Miss Margaret Rogerson of Alton, Misses Louise and Catherine Gebert, Mary Floeth, Mr. and Mrs. Oliver Cain, L. H. Krause, J. Magdill, H. Weber, Louis and Muriel Cain of Jacksonville.

##### SEEKING HOMES FOR CHILDREN

Rev. C. C. Beyrer, field worker of the Illinois Children's Home & Aid society, is in the city to canvass for funds. He has visited Jacksonville at stated intervals for a number of years and has the confidence of those who know him. This society cares for dependent and delinquent children and has received since its existence 108 children from Morgan county. The society is by far the largest institution of the kind in the state. Children have been placed from every county in Illinois. While the main work is in finding homes in good families for children without homes, the society also does commendable work in keeping families together. A great deal has also been done for crippled and disabled children. The children's home at White Hall which has been in existence for a number of years, is now a part of the Illinois society. In the past the people of Jacksonville have been liberal and have thus aided quite materially in the good work done.

##### SOUTH SIDE MILL GETS CHURCH CONTRACT

The contract for the mill work in connection with the building of the new church at Hebron has been let to the South Side Planing Mill. John Wolke has the general contract for this building.

#### HEAVY DOWNPOUR MONDAY EVENING BREAKS LONG CONTINUED DROUGHT

Reports from Various Places Indicate that Rain was General—Damage by Lightning.

The first heavy rain since June struck Jacksonville and vicinity Monday evening shortly after 7 o'clock and for an hour and a half the welcome downpour continued. Scott county reported a rain of similar duration. Cass county was visited by a heavy downpour, as indicated by reports from Beardstown, Chandlerville and Virginia, where the shower lasted two hours or more.

The storm was accompanied by lightning and minor damage was done at various points. A barn was burned at the rural residence of Mrs. Nellie G. Gunn, west of the city. A horse was consumed, as was a quantity of hay and some harness. The loss was partially covered by insurance.

C. E. Patterson of the Ebenezer neighborhood, reported a tree struck in the pasture belonging to James Reid, who resides just across the road from Mr. Patterson. He said that he had measured the rainfall and found that 2 3-8 inches had fallen in an hour's time. Little wind came with the rain, and no reports have been received of corn being blown down or damaged.

J. W. Thomas living five miles northwest of the city reported corn blown down badly. He was of the opinion however that there has not been a vast amount of damage done in this way and that the rain would be of great value.

#### WITH THE SICK.

Mrs. Sarah Reeve, who has been at Passavant hospital for the past two weeks, is still very ill but is making improvement each day.

Mrs. J. W. Lane, who has been at Passavant hospital for the past week, was very much improved in condition Monday.

Helen Engel is ill with tonsillitis at her home on East State street.

#### MORTUARY

##### Colby.

George S. Rogerson has received word of the death of Clyde Colby in San Francisco. The Colby family lived for many years in the West State street residence which was afterwards the family residence of Edward S. Greenleaf and which was destroyed by fire several years ago. Mr. Colby, whose death is just announced, was passenger and freight traffic manager for the Erie railroad in San Francisco. He had been quite successful in business and was well known to railroad men on the coast.

#### FUNERALS

##### Montgomery

Funeral services for Edwin R. Montgomery were held from the Church of Our Savior Monday morning at 8:30 o'clock in charge of the Rev. F. F. Formaz. There were a number of floral offerings and these were cared for by Mrs. Martin Kinney. Interment was in Jacksonville cemetery the bearers being Harry Potter, Francis Doolin, Louis Ahlquist, Ivan Ingraham, Bernard Dollear and Harold Coverly.

##### BATH PHYSICIAN

##### FILES BIG BILL.

Up at Bath, where Finley Barrell, millionaire member of the Chicago board of trade has a summer home, there is a belief that Mr. Barrell should divide up. An example is found in the case of a bill for \$1,000 filed by a Bath physician of services rendered when Mr. Barrell's son John W., age 23, was drowned in Moscow Bay July 1. As will be remembered, the young man was seized with cramps while swimming in the river and sank. After some time the young man was rescued from the water and the physician, who had been summoned, worked over him with an artificial respirator. There were signs of life but the young man died as a result of the pressure of water in the lungs. It is for service in this connection that the doctor has filed the \$1,000 bill. The Chicago millionaire has refused payment and a suit is likely to be the result.

##### ROODHOUSE MAN INJURED

A. E. Ackley, a coal miner residing near Roodhouse fell down a flight of stairs yesterday injuring his back. Mr. Ackley was inspecting an empty house which he was considering renting. As he was ascending the stairs his foot slipped and he fell to the bottom. He was immediately brought to Passavant hospital where proper attention was given his injuries.

W. D. Rexroat of East College Avenue expects to meet his friends in the East St. Louis National Stock Yards today. Mr. Rexroat will go to buy cattle for grazing purposes.

Mr. and Mrs. Edward Greenwood and their son, Curtis Edward, were visitors in Hanibal Sunday, guests at the home of Mrs. Greenwood's sister, Mrs. Elmer Rosser.

Miss Mabel Mathews will leave tonight for Denver, Colo. After a brief stay there Miss Mathews will go to Eldora and expects to be away from the city for a number of weeks.

#### SCHOOL EXPENSES FOR PAST YEAR.

The following figures show the cost of maintaining the city schools from July 1, 1915 to June 30, 1916. The deficit of the year was \$18,349.46. The Board's budget this year calls for about \$19,000 less than the expenditures last year.

Cost of Maintaining the City Schools July 1, 1915 to June 30th, 1916.	
Pay Roll, Teachers, Janitors and Clerk salaries	\$69,460.98
Account known as Contingent	7,181.90
High School, General expense and repairs	7,327.12
David Prince, General expense and repairs	2,385.12
Open Air, General expense and repairs	873.90
First Ward Branch, Independence, General expense and repairs	161.14
First Ward Main, Jefferson, General expense and repairs	4,456.62
Second Ward Main, Lafayette, General expense and repairs	3,538.27
Third Ward Branch, Morton, General expense and repairs	322.39
Third Ward Main, Franklin, General expenses and repairs	5,687.44
Fourth Ward Main, Washington, General expense and repairs	3,327.55
Miscellaneous accounts	17.61
Miscellaneous accounts, Prior to July 1, 1915	\$91.20
Miscellaneous accounts, Prior to July 1, 1916	965.20
Total	\$106,596.44

##### Income.

Gen'l Fund from taxes	\$64,844.87
From County Supt. Distribution	4,868.80
From County Supt. Tuition	4,277.00
Other sources, etc.	1,754.45

From Taxes, Building fund	11,569.73
Total	\$87,646.98

Total Deficit, July 1, 1916 \$18,949.46

#### CONCORD UNION REVIVAL IS BROUGHT TO CLOSE

Successful Series Held at Methodist Protestant Church—Other Concord Notes

The last number of the Union services was held at the M. P. church on Sunday evening. Rev. L. M. Mullikin read the scripture lesson and Rev. Fairchild made the opening prayer. The music was by the union choir, except two special numbers. A male quartet gave "Blue Gallilee," in a splendid manner. The quartet was from the Christian church, as follows: R. E. Abernathy, J. A. Way, C. O. Bayless and Roy Abernathy. Miss Sara Deitrick sang a solo very acceptably. The sermon was given by Rev. W. P. Bowman. The discourse was based on a portion of Luke's gospel as found in the 43rd to 48th verses inclusive of the 8th chapter. The sermon was directed especially to the young people present. He told them they must open the door to their heart and let the Savior come in if they would be saved. Nominal church membership will not save any one. When God touches the heart with the finger of His love we should obey the call.

J. N. Campbell of Merritt is visiting his daughter Mrs. T. L. Morrison.

Miss Elsie Gray went to Franklin recently to visit relatives. John Eskew and family were visiting relatives near Merritt last Sunday.

Robert M. Rife of Beardstown was here Friday to attend the funeral of his sister, Mary A. Rife.

Mr. and Mrs. Baldwin of Jacksonville were visiting Miss Carrie Deitrick and James Deitrick on Sunday.

Mrs. Chas. Aufdenkamp and children left last week in their Cadillac car for Colorado Springs. They also visited friends in Beatrice and Hastings, Neb. Mrs. Chas. Oberate of Jacksonville went in another car and she is accompanied by Mr. Kormeyer as driver and Miss Letha Eilers, Miss Edna Unhken, and Master Geo. Oberate. Mr. Chas. Aufdenkamp has received several messages stating where the party were. They encountered mud and rain in several places.

Dr. Johnson, wife and children drove to Astoria Saturday to see Mrs. Johnson's parents.

Master Oscar Decker is in the hospital at Jacksonville with typhoid fever.

J. E. Whorten lost a horse Monday.

**PASS TEACHERS' EXAMINATION**  
Eight young women successfully passed the July examination for teachers' certificates, according to H. H. Vasconcelos, county superintendent of schools. Following is the list:

Miss Edna Mae Harney, Jacksonville.  
Miss Helen Ruth Green, Jacksonville.  
Miss Iva Marie Thompson, Jacksonville.  
Miss Marian E. Williamson, Jacksonville.  
Miss Mary A. Owings, Chaptn.  
Miss Corrine Rodgers, Waverly.  
Miss Gladys A. Osborne, Murrayville.  
Miss Serena Connolly, Murrayville.

## New Perfection Oil Cook Stoves

No Odor No Smoke  
No Ashes

Truly that is the housewife's idea of paradise. And those features are only a few of the many advantages

of cooking with New Perfection Oil Cook Stoves. No longer is it necessary for you to suffer from the intense heat of the wood or coal burning range long before you are ready to begin operations.

Just touch a match to the wick and your fire is ready when you want it.

You can have a slow fire or an exceedingly hot one; just as you wish.

You don't have to watch it either. The flame will not creep up or diminish.

The Long Blue Chimney

is the key to the efficiency of the New Perfection Oil Cook Stoves.

The flame never touches the bottom of the utensils. Every atom of oil is burned and converted into usable heat in the long blue chimney. No waste—no dirt—no odor. It makes your summer cooking easy.

Write for booklet giving full description and prices of the various types.

Standard Oil Company (Indiana)

72 W. Adams St., Chicago, U. S. A.

For best results use Perfection Oil

## COUNCIL WILL BEGIN SIDE WALK WORK

BLANKET ORDINANCE FOR EAST  
SIDE STREET READ

City Will Put Down Walks Where Residents Refuse to do Work—No More Signs on Telephone or Other Poles—Mayor Reports on Tarvia in Hannibal.

The business session of the city council Monday morning did not last long but a number of interesting subjects were discussed. Mr. Vasconcellos reported some repair work in progress at the south side pumping station and referred to the collections for the water department which were the largest the past month in the history of the department. Mayor Rodgers reported a visit that he and Thomas V. Hooper made to Hannibal for the special purpose of inspecting tarvia pavement and they found nothing but favorable comment from the people of Hannibal.

The general sidewalk ordinance for East State street was given a first reading and will be passed at the next session of the council. This ordinance was adopted so that when property owners refuse to put down sidewalks the city will be in position to lay them and charge the cost against the property.

After the formalities the first report from departments was that by Mr. Vasconcellos who stated that necessary repair work had been done at the dam at the south side pumping station. He said further that the water in the creek is getting very low and that it will be necessary unless rain comes soon to do some pumping from Morgan lake. He asked whether bathing was to be still permitted in the lake while it was necessary to draw upon it for a part of the supply. Mayor Rodgers thought the water would not be much worse after the bathing than it was before but Mr. Vasconcellos said the trouble was that the bottom of the lake and that this would tend to do injury to the whole supply. It was decided that this question will receive attention whenever it becomes necessary to pump from the lake.

Mr. Widmayer said complaint had been made to him because candidates and others were advertising with placards tacked to the poles about the streets in violation of the city ordinance. The matter was referred to Commissioner Martin with the express wish of the council that cards be removed from the poles and the ordinance enforced. Mr. Martin has placed a notice in the city papers about the ordinance and arrests will follow if there are continued violations.

### Inspected Hannibal Paving

Mayor Rodgers said that he wished to make a statement about tarvia and reported a trip that he and Thomas V. Hopper had made to Hannibal Sunday for the special purpose of examining some of the paving there and in finding out what the people thought about it. The mayor said that he had been impressed with tarvia after his examination of the work at Springfield, Mo., but there had been some expressed dissatisfaction with the material and he wished to secure further evidence. He said he believed that residents along any street should have the kind of paving the majority wanted. His investigation had been simply to satisfy himself with reference to the qualities of tarvia and that he made the report just as a matter of public information. The mayor and Mr. Hopper found one stretch in Hannibal which had been down for five years and which is near the station and used continually for the heaviest kind of traffic and shows almost no wear. In other parts of the city tarvia has been used for paving with excellent results. The Jacksonville men asked at a random number of citizens about their opinion of tarvia as a paving material and the reports were all favorable. On one street re-topping work is now in progress at a cost of \$1.60 per lineal foot. The upper course has been taken up and laid flat, three inches of stone being put on the surface and the tarvia will be applied on the stone. Hannibal has some brick paving, some concrete roadway and the tarvia, and all the work in progress there now or contemplated this year provides tarvia as the material.

In referring to the large collections from the water department Commissioner Vasconcellos and Mayor Rodgers stated that a new record had been made and that the big jump was due to collection of \$724.04 from the Jacksonville Railway & Light company. The largest collection made previously was when

\$600 was collected from the Railway & Light company early in the year. These two payments represented a bill for water which the light company used and which did not pass thru the company's meters.

Carl Weber was present to ask from the council the use of side streets near the square for the big good roads meeting to be held in this city next Monday when the annual meeting of the Burlington Way association is scheduled. Mr. Weber said the park commissioners had granted the use of the park and that such preparation had been made that a large attendance was certain from the various cities along the route. Mr. Weber said that as good roads is really the big problem for this community that he thought some good results would come from the demonstration. Members of the council were very willing to join with Mr. Weber and the various committees in any way possible to make the meeting a success.

Mr. Vasconcellos reported that he had awarded contracts for mine run coal at the south side station to J. A. Paschall & Co. and for the lighting plant to Walton & Co. It is to be determined by test at the light plant whether pea coal or washed 4 or 5 will be used.

### Officers Reports

The report of Charles B. Graft, city treasurer showed a balance July 31 of \$2,179.12.

The report from the water department, signed by W. H. Cobb, superintendent, and Joshua Vasconcellos, commissioner, showed total collections for the month of \$3,755.77. This sum was made up of water collections \$3,622.02; meters sold \$121.95; taps made \$9; meter repair work \$3.75.

Dr. A. M. King, health warden, reported 49 deaths during the month. The ages were as follows: under 1, two; 1 to 5, two; 5 to 20, one; 20 to 50, nineteen; 50 to 70, twelve; over 70, ten. The report of contagious diseases showed typhoid fever one; measles one; tuberculosis one; erysipelas, one.

Miss Weller, city matron, reported that the hot weather seemed to have a demoralizing effect upon children and an unusual number of cases have been reported to her and investigated. Four children were reported as being neglected by their parents and the necessary relief was given. One girl was returned to Geneva and one dependent girl was placed in a home in the west. Among cases reported to Miss Weller were those of three girls whom their parents said were incorrigible.

Collections reported by R. L. Pyatt, city clerk, showed the following: Jacksonville cemetery \$39.50; Diamond Grove cemetery \$239.50; thru the office \$203.25. Sextons' reports for the cemeteries were as follows: by Harry Summers, for Diamond Grove cemetery, 7 graves made; for Jacksonville cemetery, by John Pires, 12 graves made.

Squire W. T. Dyer reported fines collected \$24; city costs collected \$9.25; J. P. costs \$13.25. The report of George P. Davis, chief of police, showed that July was a very quiet month in that department. There were nine arrests, two on state warrants and seven on city, and the totals of fines was \$46.45. The arrests made were on the following charges, violating health ordinance one; drunkenness four; confidence game one; burglary one; maintaining nuisance one; murder one.

### Side Walk Ordinance Read.

The sidewalk ordinance for East State street which had been prepared by City Attorney Reeve, was then presented and given a first reading. The ordinance gives the legal description or various properties on East State street adjoining which it is the intention to have concrete sidewalks laid. The ordinance calls for new sidewalks where none have been constructed from East street to Johnson street. Notices were sent a year or more ago to residents along that street ordering walks put in. Some of the property owners complied and others have ignored the notices. After the ordinance now before the council is passed the property owners will have thirty days within which to construct the sidewalks and if this is not done then the city will proceed with the work and the amount of cost will be taxed against the property and collected by the sheriff along with the taxes. If the amount is not paid the cost then will become a lien against the property. Some minor matters were discussed and the council then adjourned.

### SCHOOL PRINTING BIDS

Bids for Printing Rules and Regulations will be received at the Superintendent's Office up to noon August 10th, 1916. Specifications on Application. Right is reserved to reject any or all bids, by order of Board of Education.

H. A. Perrin, Supt.

### PHYSICIANS FROM ALL OVER STATE COMING FOR PICNIC

Officers of Morgan and Cass County Societies Expect Great Company to Greet Dr. Mayo—Visitor Will Come on Own Steam Boat to Nearby River Point.

The invitations for the Morgan-Cass County Medical society picnic were placed in the mails yesterday. The medical societies of the two counties will meet Thursday, August 17, at the Black farm in Cass county. The special guests of the occasion will be Dr. and Mrs. William Mayo of Rochester, Minn., and Dr. Mayo will make an address on "Stone in the Kidney." Dr. Mayo will present "Surgical Treatment" and Dr. B. R. Brassch of Rochester will discuss "The Clinical Observation." Members of the Central Illinois Clinical Surgical association will also be guests of the two societies and will take part in the day's proceedings. The invitation says, "All members of neighboring county medical societies are invited to join with us in doing honor to one whose research and practical work as an operating surgeon and teacher of surgery have attracted international attention. As in previous years, Dr. and Mrs. Carl E. Black have extended the hospitality of the Black farm in Cass county for the occasion." The invitation is signed by F. J. Schuer, C. A. Soule, and W. R. Blackburn of the Cass county Medical society, and T. O. Hardesty, G. R. Bradley and T. G. McLin of the Morgan county society. The invitation on the first page shows a halftone which appears with this article showing the group assembled for the medical picnic held in 1915. Other pages give information as to picnic luncheons, automobile service, railway time cards, etc. There are also two maps of auto roads. Invitations have been sent to 1600 physicians and it is confidently expected that the attendance will break all former records. Dr. and Mrs. Mayo will travel from Rochester in Dr. Mayo's private steamer and then reach the Black farm by automobile. Dr. Mayo keeps this steamer for brief vacation trips and he will probably dock at Quincy or Keokuk, but possibly may come down the Illinois river to Beardstown. He carries two automobiles on the steamer and thus is equipped for any kind of travel. Members of the Cass and Morgan county societies feel that they have been greatly honored by Dr. Mayo's promise to attend the picnic and they are confident that physicians from all parts of the state will be present in order to hear his address.

### NOTICE.

The Chapin road will be closed from Monday August 7, until completion of state aid work. The road from Mt. Zion church to Mauvais-terre bridge will be the first section closed. All traffic is forbidden by order of the Illinois Highway commission. Any one caught taking down notices or removing barricades will be prosecuted.

COCKING CEMENT CO.

### DENOUNCING MEDICINES

Wholesale denunciation of proprietary medicines is no more justifiable than wholesale denunciation of the medical profession. It is no more true that there are reputable physicians who unselfishly devote their lives to an unending struggle with disease than that there are standard remedies which do as good a work; often where the work of the good physician cannot reach. A good example is Lydia E. Pinkham's Vegetable Compound, which has for forty years been alleviating the sufferings of women and curing the ills peculiar to their sex.

John C. Kratz of Mercedosia was attending to business matters in the city yesterday.

## Women Know

## GIANTS TAKE SERIES FINAL FROM CHICAGO

LOBERT CLEARS BASES IN FIFTH INNING

Pinch Hitter Drives in Three Runs With a Double—Phillies Win From Cards—Boston Takes Two From Cincinnati

New York, Aug. 7.—New York made it three out of four from Chicago here today, winning the last game of the series 3 to 2. In the fifth inning with Giant runners on second and third bases, Lavender purposely passed Bariden, filling the bases. McGraw sent in Lobert to bat for Schupp and he cleaned the bases with a double. A feature of the series just finished is that New York made only 13 hits in the four games and won three games in each of which it made only three hits.

Struck out—Schupp 2; Tesreau 2; Lavender 3. Umpires—Klem and Emslie. Time—1:46.

Philadelphia 5; St. Louis 3  
Philadelphia, Aug. 7.—Philadelphia won today's game from St. Louis by knocking Ames off the rubber in four innings, the score being 5 to 3. Manager Huggins put in three pitchers in the closing innings all of whom prevented the home team from scoring.  
Niehoff had three singles and a double in four times at bat.  
Score:  
St. Louis 100 000 100 3 11 2  
Philadelphia 020 300 000 5 11 1  
Ames, Steele, Lotz, Williams, and Gonzales, Brottom, Snyder; Chalmers, Demaree and Killifer.

Boston 2-6; Cincinnati 0-0  
Boston, Aug. 7.—The Boston Nationals scored a double win over Cincinnati today. Toney pitched a great game for the Reds in the first contest allowing only two hits, a triple by Maranville and a double by Wilhoit. He received wretched support. Boston connected for only six safe drives in the second game off Moseley but they were timely.

## FAMOUS RACE TRACK UNDER HAMMER

Boston, Mass., Aug. 7.—The race track property at Readville, which for many years formed the far-eastern link in the Grand Circuit, will be offered for sale at auction Monday. The sale is the result of foreclosure proceedings. No "big line" racing has been conducted at Readville since the law against betting made the big meetings unprofitable. Several attempts to revive the sport have been made in late years, but without success. It is expected that the sale of the property will mark the final passing of the once-famous trotting park.

## CHAUTAQUA TICKETS AND TENTS.

Subscribers for season tickets at One Dollar are requested to call for their tickets at their earliest convenience.  
Persons desiring tents should be made as soon as possible.  
A. C. Rice, Secretary,  
The Jacksonville Chautauqua,  
Aug. 18-27 inclusive.

## HOME TEAM DEFEATED PEKIN PIRATES IN SUNDAY'S GAME

Loose Playing Marked Contest Which Did Not Lack Interesting Features—Score 11 to 4.

Jacksonville took the Pekin Pirates into camp Sunday by a score of 11 to 4. While the game was not much from a baseball standpoint as there was loose playing by both the teams, yet it was a game that was good looked at from the spectator's viewpoint.

There was alternate brilliant and bad playing. "Hap" DeFrates made some great stops and throws and also made some bad throws. On one occasion Fernandes and Denny did the Alphonse-Gaston stunt at second base while the ball rolled on out to center field.

Howell was on the mound for the visitors. He didn't seem to have much but the locals had difficulty at times to solve his benders. White was not as effective as usual and the visitors got some hard wallop off his delivery. One of them, a home run by Calahan, nearly chased Clark to death and Calahan was safely across the pan and resting on the bench before the ball ever got back to the infield. Clark also hit one a mile off of Howell but could only get as far as third base.

How the Runs Were Made  
Jacksonville broke the ice in the first inning when singles by Denny, Fernandes and DeFrates and a stolen bases yielded one run.

The visitors tied the score in their half of the second inning on a scratch three bagger by Johnson and a single by Warmouth. They took the lead temporarily in the fourth when Calahan hit for a home run. Jacksonville got out to the good in her half of the fourth on singles by Wheeler and Woodman and a double by Christopher.

Two came in the fifth for the locals on a double by Denny, Fernandes' single and steal of second and Clark's three bagger. A single, a base on balls and two errors counted two in the sixth. The visitors got one in their half of the sixth on Johnson's double, a passed ball and Dittmer's single.

The locals scored three in the seventh on a double, a single, a stolen base, a wild pitch, and a passed ball. One in the eighth came on an error, a stolen base and a single. The visitors counted their last run in the ninth on two singles and a passed ball. The score:

## WHITE SOX INCREASE LEAD IN PENNANT RACE

DEFEAT RED SOX BY SCORE OF 7 TO 1

Chicago Outplays New York at all Stages of the Game—Russell Eases Up in Ninth and Boston Scores Its Only Run

New York, Aug. 7.—Chicago increased its lead for first place over Boston today by winning the first game of the series from the world's champions 7 to 1. The White Sox outplayed the visitors at all stages of the game hitting Leonard hard and giving Russell perfect support. Russell eased up in the ninth inning and Hooper's triple and Cady's double produced the run which saved Boston from a shutout. Ness' home run, Russell's steal of home and a squeeze play executed by Ness and Schalk were features.

The standing of the leaders is:

Won Lost Pct.

Summary  
Two base hits—Walter, Jackson, Cady, E. Collins. Home run—Ness. Three base hits—Ness, Schalk, Hooper. Stolen bases—Russell, E. Collins, Schalk. Sacrifice hit—J. Collins. Double plays—McMullin to E. Collins to Ness; Weaver-E. Collins.

Left on base—Boston 3; Chicago 6. Bases on balls—Off Jones 1. Struck out—By Leonard 4; Russell 4. Wild pitches—Leonard, Jones. Umpires—Hildebrand and Owens. Time—1:58.

New York 3; Cleveland 2.  
Cleveland, August 7.—Superior base running gave New York a 3 to 2 victory over Cleveland today. Stolen bases gave New York one of its runs while bad base running by Cleveland cost two runs. The winning tally was scored in the eighth on Peckinpaugh's double and Oling's single.

Cleveland knocked Fischer out of the box but found Shawkey a puzzle.

Cleveland 000 101 000—2 8 2  
Fisher, Shawkey and Nunamaker, Bagby and Daly.

Detroit 2; Philadelphia 2.  
Detroit, Aug. 7.—By losing today's game the nineteenth straight defeat to Detroit 4 to 2, the Philadelphia club placed itself in a position to tie the Boston's record of twenty consecutive defeats, established years ago. The Athletics had an excellent opportunity to end their losing streak as Myers was very good and Coveleskie bad. Haley however put them out of it in two bad innings. Charles E. Hughes, Republican presidential nominee watched two innings of the game.

Score:

Like a home run with the bases full—they satisfy!

Ninth inning—bases full—two out—tie score—batter up. Bang!—that "homer" into the stands makes you feel good—it does satisfy!

Chesterfields make you feel exactly the same way about your smoking—they satisfy!

But they're mild, too—Chesterfields are!

For the first time in the history of cigarettes you are offered a cigarette that satisfies and yet is mild! Chesterfields!

This new kind of enjoyment cannot be had in any cigarette except Chesterfields, regardless of price—because no other cigarette maker can copy the Chesterfield blend!

Try Chesterfields—today!

Liggett & Myers Tobacco Co.

# Chesterfield

## CIGARETTES

The Most Expensive Turkish Tobacco that grows are contained in the famous Chesterfield Blend—XANTHI for its fragrance; SMYRNA for its sweetness; CAVALLA for its aroma; SAMSOUL for its richness.

They SATISFY!

—and yet they're MILD

## SWIFT & CO. PENSION PLAN HAS MANY NEW FEATURES

Great Sum Set Aside for Employees—Contribution to Fund Not Asked

Hearts of nearly 8,000 employees of Swift & Company in Chicago and of more than 22,000 in addition employees at other plants and branch houses in other cities of the United States were made glad yesterday by an announcement that \$2,000,000 accumulated during the past six years is set aside by the company as the nucleus of a pension fund. The plan becomes operative today.

One of the features of the plan, as announced by Louis F. Swift, president of the company, was that the employees do not contribute to the fund and that in addition to the income from the \$2,000,000,000 fund, \$400,000 a year that will be added by the company to care for the demands made upon it.

"All we ask of our employees is that they give us efficient and continued service," said Mr. Swift, yesterday. "When a man or woman has been with us without a break for twenty-five years, and has reached the age of sixty for the man and fifty for the woman, we believe that he or she is entitled to a rest. Swift & Company have been considering one various pension plans in operation in other corporations for many years, and we have chosen, I believe, the best features of these and added some features of our own that are distinctive. When our employees stick to us, we intend to stick to them, and we believe that we can best show our appreciation by providing for their comfort in old age."

The pension board as organized will consist of five members who are officers or employees of Swift & Company. They are to be appointed annually by the board of directors to serve one year or until a successor is named. The board will elect a chairman and secretary. The treasurer of the company is ex-officio treasurer of the fund.

The salient points of the plan as outlined in the formal announcement to employees follow:

1. The employees do not contribute to the fund.
2. Income from the \$2,000,000 foundation fund is to be supplemented annually by Swift & Company to meet the necessary demands.
3. More than 30,000 employees benefited by the announcement.
4. Men in the employ of the company twenty-five years, who have reached the age of sixty may be pensioned.
5. Men in the employ of the Company twenty-five years, and who have reached the age of sixty-five shall be pensioned.
6. Women in service twenty-five years, who have reached the age of fifty may be pensioned.
7. Women in service twenty-five years, who have reached the age of fifty-five shall be pensioned.
8. Employees in service fifteen years and up to twenty-five years, who are permanently incapacitated for work may be pensioned.
9. Pension of those retired on account of age and length of service, or if incapacitated after a service of twenty-five years, but prior to the age of retirement, shall be one-half of the average salary for the five years preceding retirement.
10. Pension of those retiring on account of incapacity after from fifteen to twenty-five years of service shall be computed on a basis of 1-2 percent of the average salary for the five year period preceding retirement, for each year of continuous service.
11. No pension shall be less than \$240 a year.
12. No pension shall be in excess of \$5,000 a year.
13. The widow and children of an eligible employee shall receive one-half of the pension to which an employee shall be entitled at the time of his death.

In their efforts to work out a plan which would be fair to all employees, the company have allowed employees, who were working for other concerns absorbed by Swift & Company in the past, credit for the full length of their service with these concerns prior to their absorption.

## BOSTON PREPARES FOR "BILLY" SUNDAY

Boston, Mass., Aug. 7.—When "Billy" Sunday comes to Boston in November to begin his first invasion of New England he will find completed and in readiness for his meetings the largest and finest tabernacle in which he has yet invited his hearers to hit the sawdust trail.

Owing to Boston's stringent building laws the plan for the customary wooden tabernacle was vetoed and in its place will be erected a substantial, though temporary, edifice of concrete and brick. The cost will be in the neighborhood of \$40,000. The Huntington Avenue baseball grounds, former home of the Boston Red Sox, has been selected as the site for the tabernacle. The work of excavating for the brick walls will commence next week and it is expected to have the building entirely completed before the evangelist concludes his Detroit campaign at the end of October.

## CARD OF THANKS

We take this method of thanking many friends who so kindly assisted us during the illness and after the death of our beloved son and brother, also for the many beautiful flowers. Mr. and Mrs. James C. Montgomery and family.

## WOMEN IN THE NEWS

Miss Dorcas Dean, a Chicago society girl, daughter of Richmond Dean, Pullman Company official, has entered the Convent of the Visitation Order, of St. Louis, Mo., to become a nun. Miss Dean was educated at the convent, where she studied eight years.

Miss Edith Johnson, a Boston musician, was recently married in Honolulu to Taroa Kawasaki, whom she had met while he was one of the many Japanese students who come to her home town for study. The Japanese, Mr. Kawasaki is a Christian, and secretary of the Japanese Young Men's Christian Association in Honolulu.

Miss Lillian Jones has been appointed assistant cashier of the New York branch of the National Bank of Cuba, one of the foreign banking institutions doing the largest business in the United States. Miss Jones is the only woman to hold so high an office in an important bank in New York. She entered the employ of the bank as a stenographer six years ago.

Miss Anna Martin of Nevada, who as chairman of the Executive Committee of the Woman's Party of the United States will conduct the campaign of that organization in the twelve suffrage states of the West this fall, is a native of Empire City, Nevada, and now lives in Reno. She was prominent as an educator before turning exclusively to suffrage work a dozen years ago. She studied at the University of Nevada, at Leland Stanford and at Columbia, supplementing her studies in America by two years abroad, spent at the Universities of London and Leipzig. She also studied art in New York. For six years she was a professor and lecturer at the University of Nevada, on history and the history of art. She organized and conducted the campaign which ended in the victory of suffrage in Nevada in 1914, and was the first woman member, appointed in 1915, of the Nevada Educational Survey Commission.

Mrs. Daisy Gordon, of Philadelphia, who received only \$100 in the wills of her parents, has been awarded her father's fortune of \$90,000 by a fantastic trick of fate and of legal chance. Sixteen years ago Mrs. Gordon married a poor working-man against the wishes of her father, Edward W. Perrine, a wealthy hotel proprietor, who at once cut off all communication with her and made a mutual will with his wife by which the property of each should go to the survivor after the death of the other. After paying a bare \$100 to the absent daughter this survivor was to dispose of the money as he pleased. Mr. and Mrs. Perrine were both in the prime of life, in the early fifties, but Mrs. Perrine met with an accident and died, and her husband was so affected by the event that he died two hours later. Mrs. Gordon, now 30 years old, had not seen her parents since she was 16. Her life was a struggle for a bare living, striving to support ten children on the meagre salary her husband earned as a mechanic. As no other heir was mentioned in the Perrine will, the entire fortune of \$90,000 was turned over to the unforgotten daughter.

The first conference of the National Woman's Party, organized last June in Chicago and composed of the women voters from the twelve suffrage states, will be held this week at Colorado Springs, August 10, 11 and 12. It will be the most important suffrage conference ever held, and fraught with possibilities for the presidential nominees. Its action, according to Miss Alice Paul, Chairman of the Women's Congressional Union, will depend on what the Democratic party will do for the women or what Hughes will promise to do, or what the Progressive or Socialist parties will do. There are more than 4,000,000 women qualified to vote for President, and the Woman's Party, which boasts of being now the third party in point of size in the United States since the disruption of Progressive ranks, is determined to stand by the friend of the Federal suffrage amendment to see to the undoing of its foe. The conference may develop the most startling political results. Some suffragist leaders favor swinging the power of the 4,000,000 women voters to the Prohibitionists if neither the Democrats nor the Republicans come out openly for women's suffrage, while others stand stoutly for the placing of Woman's Party candidates in the field.

## ADMINISTRATOR'S NOTICE

Estate of Eliza Jane Montgomery, Deceased.

The undersigned, having been appointed Administrator of the estate of Eliza Jane Montgomery, late of the County of Morgan and State of Illinois, hereby gives notice that he will appear before the County Court of Morgan County, at the Court House in Jacksonville, at the October term, on the first Monday in October next, at which time all persons having claims against said estate are notified and requested to attend for the purpose of having the same adjusted.

All persons indebted to said estate are requested to make immediate payment to the undersigned.

Dated this Seventh day of August, 1916.  
Robert L. Montgomery,  
Administrator.

## CHAUTAUQUA A COMMUNITY ASSET

For many years prior to the establishment of the Jacksonville Chautauqua, the people of this community and especially the business men of Jacksonville were expressing their strong desire for such an institution. It was argued that it would keep at home many families who annually spent their vacations at other chautauquas and otherwise, that the science of business and community building was the science of man-building and that a good chautauqua would not only furnish wholesome, clean, uplifting amusement and entertainment, but would at the same time help build up the manhood and womanhood of the community thru the discussion by recognized authorities of civic and moral questions and by the association of the best people of the community in a great cooperative function. Our Chautauqua is doing these very things. It has not been operated as a profit making proposition but its management has consistently worked to furnish the people of the community the best possible assembly for the least price so that every one might be able to attend its sessions. No Chautauqua elsewhere furnishes such a uniformly strong program for one dollar. It is doing its full duty to the community and its interests.

There are many business and professional men and women in Jacksonville who seldom, if ever, visit the Chautauqua. Some business men who in years gone by were loud in the demands for the establishment of the Chautauqua, do not buy tickets or attend its sessions. Some of the business men recognize the importance of the institution from the standpoint of their business and always subscribe generously for tickets and not only attend its sessions themselves but see to it that their clerks and other employees do likewise. They find that it pays them to mingle in the great crowds gathered together largely from the farms within twenty miles of Jacksonville, and that the inspiration had from the Chautauqua itself is well worth while.

Last year a number of prominent farmers were asked to help promote subscriptions for the 1916 chautauqua. At a conference held with these farmers toward the close of the Chautauqua, several of them called attention to the fact that they never saw on the grounds business men of Jacksonville and other nearby towns with whom they traded and could not understand why these business men overlooked such an opportunity to meet their customers and the people generally in a social way. Several of these farmers buy tickets every year for the families of their tenants and for their employees purely as a business proposition believing that attendance at the sessions makes them more valuable to them.

Every boy and girl in the community who is old enough to understand the great lectures on the program, should have the opportunity to attend the assembly and be encouraged to do so. Every thing on the program, even the entertainment, is uplifting and educational—is calculated to make good and useful citizens of the young people. The greatest asset of this or any other community is its boys and girls. The Chautauqua is a citizen builder. The boys and girls should be sent to the Chautauqua. If the Chautauqua is to be a permanent institution, the business men of the community must wake up to its importance and usefulness, and get under it, not necessarily in any large way, but should buy a few tickets, and, if they cannot attend themselves, see to it that some one uses the tickets.

## EXECUTOR'S NOTICE.

Estate of Christopher Kavanagh, Deceased.

The undersigned, having been appointed Executrix of the last Will and Testament of Christopher Kavanagh, late of the County of Morgan and State of Illinois deceased, hereby gives notice that she will appear before the County Court of Morgan County, at the Court House in Jacksonville, at the October term, on the first Monday in October next, at which time all persons having claims against said estate are notified and requested to attend for the purpose of having the same adjusted.

All parties indebted to said estate are requested to make immediate payment to the undersigned.

Dated this 24th day of July, A. D. 1916.  
Mary Ann Kavanagh, Executrix.  
John M. Butler, Atty.

## SHERIFF'S SALE

By virtue of two executions to me directed by the Clerk of the Circuit Court of Morgan County, in the State of Illinois, one in favor of the Ayers National Bank, and one in favor of Elmer J. Henderson, Plaintiffs, and against William Barber, defendant, I have levied upon all the right, title, interest and claim of William Barber in and to lot Number two (2) in W. S. McPherson's addition to Jacksonville, Morgan county, Illinois, as the property of the said William Barber which I shall offer at public sale, to the highest and best bidder for cash in hand, at the south door of the Court House in Jacksonville, Illinois, on Monday, the 28th day of August, A. D. 1916 at 10 o'clock a. m., to satisfy said Executions.

Grant Graff,  
Sheriff, Morgan County.  
This 29th day of July, 1916.

"How do you make such delicious muffins? Mine are always so dry. And if I make the batter thin they fall. How do you do it?"

"I make them about as you do, only I use KC Baking Powder. Mine always turn out well, so it must be the baking powder."

It is the baking powder. To make muffins, cakes and pastry rich and moist, yet light and feathery, a modern double acting baking powder must be used—one that will give off leavening gas in the oven as well as in the mixing bowl.

## KC BAKING POWDER

is really a blend of two baking powders, one of which starts to raise as soon as moisture is added. The other is inactive until heat is applied. This sustains the raise until your muffins, biscuits or cake is done.

K C Baking Powder costs less than the old fashioned quick acting kinds, yet you need use no more and it is superior to them in every way.

Try a can at our risk and be convinced.

WOMAN'S COLLEGE GYMNASIUM  
WILL BE FINE STRUCTURE

Building Will be Erected by Vasconcellos and Sons—Total Cost \$37,129.40.

Vasconcellos and Sons were awarded the contract for construction of the new Woman's college gymnasium when bids were opened Monday afternoon in the office of J. K. C. Pierson. The figure submitted by this firm was \$33,039. Other contractors and their bids were: Joseph DeGoveia, \$33,987; John Wolke, \$35,155; William McCullough, \$35,530; M. G. Fernandes, \$36,000.

The plans for the building, which were prepared by Mr. Pierson, call for a structure modern in every detail. Work of excavation will begin today and by the opening of the college year construction will be well under way. The building will be completed before the close of the first semester, according to the statement of Dr. Joseph R. Harker Monday evening. Such a structure has long been needed by the college and the beginning of work marks an epoch in Illinois Woman's college progress.

Other successful bidders were: Jacksonville Plumbing and Heating Co., for the plumbing, \$1,949; Bernard Gause, for heating, \$1,559; G. A. Sieber, for electric wiring, \$591.40; total cost \$37,129.40.

FOR SALE—Davenport, kitchen cabinet, Fireless Cooker, Refrigerator, 4 chairs. 206 Caldwell St.

FOR SALE—This week, tomatoes, 65c bushel, 2c pound. C. D. Johnson, Illinois phone 974. 8-8-31

THE Texas Wonder cures kidney and bladder troubles, dissolves gravel, cures diabetes, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women. Grand Total ..... \$87,000.00

During the reading of the budget Mr. Rapp came in and took his place in the board.

At the conclusion of the reading Mr. Rapp seconded by Mr. Metcalf moved they be adopted. The motion carried unanimously.

The matter of arranging for the cashing of anticipation warrants for the board was referred to the president and chairman of the finance committee to investigate and report.

Mr. Metcalf offered a motion which was seconded by Dr. Duncan that the superintendent and contracts to all teachers with the request that they sign and return same within ten days. The motion carried.

Mr. Muehlhausen offered a motion that the matter of having new contracts printed so as to conform with the general school law be referred to the president and superintendent with power to act. The motion carried.

Mr. Rogerson presented the claims of a number of teachers for interest on their warrants which they had carried themselves instead of cashing them at the bank. On motion of Dr. Black these bills and all pending bills were referred to the finance committee to investigate and report.

Mrs. Pierson called attention to a bill of T. H. Buckthorpe which should have been allowed at the last meeting but it had not been recorded. After some discussion the bill was ordered paid on motion of Mr. Rapp seconded by Mr. Muehlhausen.

Some one again brought up the matter of the claim of R. L. Pyatt for services for three months from March 1 to the time the present board took charge. It was the opinion of some of the members that Mr. Pyatt was entitled to some remuneration. On motion of Dr. Black the claim was referred to the finance committee for further investigation.

Mr. Metcalf brought up the matter of requisitions for janitors to get supplies. It was suggested that this matter was covered in the rules and regulations.

On motion of Dr. Black seconded by Mr. Muehlhausen the board was authorized to issue anticipation warrants for seventy-five per cent of the taxes.

Superintendent Perrin then read the rules and regulations. Mr. Perrin announced that it would take probably forty-five minutes to read them. The rules and regulations were discussed section by section and the time required about two hours before completion. At the conclusion of the reading they were adopted with a few minor changes.

Dr. Black then moved that the president and superintendent be instructed to have the rules and regulations printed and the motion carried.

Superintendent Perrin then offered the following recommendations on text books which were adopted.

1. Grade School Texts.

the Music Reader Series, Dodge's Geographies and Curry's Literary Readings for Grades Seven and Eighth, be adopted for a period of four years.

This involves no changes in grade school texts with the following exceptions:

- (1) That the Aldine Primer and First Reader, which has been used in the First Grade during the past year, shall become a regular adopted text;
- (2) That Wentworth-Smith Work and Play with Numbers be adopted as a standard for primary number work;
- (3) That the McFadden Language and Grammar Series replace the Howland Series;
- (4) That the Merrill Speller replace the Century Speller;
- (5) That the Palmer Method of Business Writing be adopted as the text in writing.

11. High School Text.

I recommend that the text as listed on the accompanying high school sheet be used for the school year of 1916-17, without special adoption. Such adoption to be made at a later date when certain Courses of Study have been more definitely arranged.

That the high school texts as listed are the same as have been in use with the following exceptions:

- (1) That the 1916 Edition of the Stone-Millis Geometries be used.
- (2) That the Burgen-Caldwell Introduction to Botany be used instead of the Practical Botany.

Grade School Texts.

1916.

Readers: Aldine Primer and First. Holton-Curry, 2-6. Curry Literary Readings, 7-8.

Arithmetic: Wentworth-Smith Essential books I, II, III. Wentworth-Smith "Work and Play with Numbers" Primer.

Language and Grammar: McFadden Language and Grammar Series. Geography: Dodge's Elementary Geography. Dodge's Advanced Geography.

History: Mace's Primary History. Mace's United States History. Hygiene: Good Health. Town and City. Body and Its Defenses.

Spelling: Merrill Speller. Music: Music Reader Series. Drawing: Applied Arts Drawing Books.

Writing: Palmer Method of Business Writing.

In the matter of telephones it was decided to allow the superintendent two telephones for his office and two for his residence and only one telephone in each of the school buildings.

The resignation of Miss Lena M. Hopper was presented and accepted. Miss Hopper goes to Barry to teach work she has specialized in.

The resignation of Miss Frances Marie Scott also was presented and accepted. Miss Scott stated she had an offer of a better position. The matter of filling the vacancy caused by the resignation of Miss Scott was referred to the superintendent.

Miss Hopper's resignation was presented before the list of teachers was made up and so no vacancy occurs in her case.

Bids for coal for the ensuing year were opened. The contract was awarded to Beggs and Lewis for one and one quarter inch lump at \$2.35 per ton. Other bidders were: J. F. Smith & Co., Fernandes and Son, Harrigan Brothers, J. W. Baptist & Co., U. J. Hale and Walton & Co. The bids on the coal selected ranged from the bid on which the contract was let up to \$2.79.

There being no further business the board on motion adjourned.

Dance Tonight, Nichols Park. O. H. Spaulding.

JUSTICE DYER ASSESSES HEAVY FINE

Justice Dyer Monday afternoon assessed Howard Finley \$50 and costs on the charge of assault and battery and \$25 and costs on the charge of jumping on trains. The total amount of the fines and costs is \$86. Finley was unable to pay either the fines and costs and was sent to jail.

Sunday evening Finley jumped on the Wabash excursion train from Quincy when it arrived at the Wabash station and proceeded to wallop the brakeman. A Wabash detective was on the train and collared Finley. The two had quite a nice game of fistfights but the detective held on to his man and turned him over to the local police. Monday Detective Biggs came down from Springfield and swore out the warrants against Finley.

Finley is a young colored man about 29 years of age. Chief Davis says that except when he is drinking he is not quarrelsome but when he has had a few drinks he wants to fight. Justice Dyer evidently thought Finley needed a lesson and that perhaps a good sized fine might make him behave better when he had a few drinks. At any rate Finley will have considerable time to meditate and let his temper cool.

Dance Tonight, Nichols Park. O. H. Spaulding.

SUCCESSFUL FISHERS

Mr. and Mrs. Curtis Temple, Mrs. Nellie Vensol, Miss Mable Vensol, Mr. and Mrs. Samuel Freitag and Gilbert Brogdon and family enjoyed a fishing trip Sunday at Big Indian Creek, eight miles north of the city. They reported the best of luck, and in all, landed about a hundred pounds of fish.

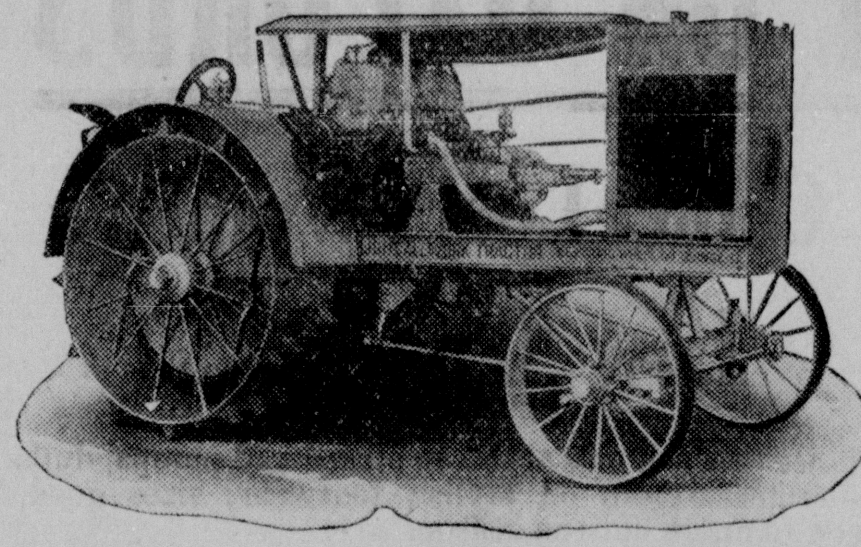

A NARROW ESCAPE

Three young men who were out hunting west of town Monday, when the storm came up took refuge under a tree. This proved to be a dangerous place, for the tree was struck by lightning. They were fortunately unhurt.

## WILLIAM PINE OF NAPLES CALLED BY DEATH MONDAY

Prominent Scott County Resident  
Succumbs to Prolonged Illness—  
Funeral Wednesday.

Naples, Ill., Aug. 7.—William Pine, retired farmer and highly respected citizen of Naples, passed away at his home here after a prolonged illness of complication of diseases Monday morning at 2 o'clock. Deceased was born at Baylis, Pike county, May 5, 1848, and grew to manhood there. He was united in marriage in 1873 to Miss Margaret Green, daughter of Mr. and Mrs. John W. Green of O'Fallon. To this union five sons were born, with their mother, all of whom survive him and of whom he was very proud.

They are: Harry Pine, supt. of the Avery Plow Works at Peoria, John Pine of Bluffs, local manager of the main elevator, William and Ross, engaged in the oil business at Okmulgee, Okla., and Grant Pine, prominent farmer north of Bluffs. Three daughters and one brother also survive. From early childhood, Mr. Pine was a faithful worker in both the church and Sunday school. He was a faithful worker in the M. E. church and Sunday school at Naples and until his health failed him he never missed a service.

Funeral services will be held at the M. E. church in Naples Wednesday morning at 10 o'clock, the Rev. C. S. Jupp will have charge of the service. Burial will take place at the Green cemetery south of Bluffs.

## GREAT PREPARATIONS HAVE BEEN COMPLETED

The annual Catholic church chicken dinner and burgoos is to be held at Murraville town park tomorrow, Wednesday, August 9. In past years it is said that this picnic has drawn the largest crowd of any held in Morgan county and if the weather is fair the success of previous years will be repeated tomorrow. Isaac Watson, famous as a burgoos soup maker, will prepare between 700 and 800 gallons. A ball game will be a feature at the afternoon between the Murraville Ramblers and the Jacksonville Merchants. As this is the third of a series it promises to be a contest of unusual interest. The program also promises other diversions and prominent speakers will be present to make addresses. Special coaches will be carried on the C. & A. trains from Roodhouse and Jacksonville and in every way the event promises to be one of interest. Rev. Edmund B. Flynn is the rector of St. Bartholomew's church, under whose auspices the picnic is held and the various committees having the matter in charge have worked arduously for days past. The complete program for the day has already been published in the Journal.

## PROBATE COURT

In the estate of Emeline Rayborn, the petition to sell real estate to pay debts was allowed.

In the estate of Matilda Waggoner, final report was made and the administrator was authorized to pay to Edward Landreth, the respective shares of Lester and Russell Landreth, minor heirs of the deceased.

## ELLIOTT STATE BANK

Savings Deposits made during the first ten days of August, will bear interest from the FIRST of the month.

Mrs. H. L. Peebler of Denver, Colorado, is visiting at the home of her brother, William H. Stull on West Lafayette avenue.

## WINCHESTER.

David Hainsfurther and family and Dr. J. M. Riggs were visitors Saturday in Pittsfield.

Harry Lazarus and Miss Sadie Lazarus left Sunday afternoon for their home in St. Louis after a visit here of several days.

Dr. A. E. Obermeyer and family of Arcadia visited relatives here Sunday.

A. J. Tallen of Benson, Ill., is a business visitor here.

Misses Anna and Freda Munze left Saturday for Peoria, where they were to join a party of campers and go to Roan, Ill.

Mrs. Ernest Harter and little daughter arrived Monday forenoon from Canton to visit Mr. and Mrs. Robert W. Woodall.

Mr. and Mrs. J. C. Evans spent Sunday with Jacksonville relatives. A welcome rain visited Winchester and vicinity Monday evening at 9 o'clock and a steady downpour continued for an hour or more. The Christian church Sunday school class taught by Mrs. Nichols Demmerth had started for Rattlesnake Spring to enjoy a picnic supper when the storm came.

Mr. and Mrs. Samuel Bailey, James Carlton, Mrs. Julia Carlton, Mrs. Sarah Bailey and Mrs. Joseph Montgomery were visitors in Pittsfield Sunday. Mrs. Jesse Carlton, who has been visiting there returned with them.

Mrs. Martha Paul, injured last week by a hard fall at her home, is improving nicely.

Mrs. Charles Morrow and children of Roodhouse were called here Monday by the serious illness of Mrs. Isaac Christian.

Good reports continue to come from Bloomfield where the Rev. W. R. Johnson, pastor of the Baptist church, is conducting a tent meeting.

Mrs. Florence Edwards and daughter of Ontario, Cal., are in Winchester for a visit with R. F. Gill and family. Mrs. Edwards is a sister of Mrs. Gill.

Miss Helen Taylor is hostess at a house party for five classmates of the 1916 class at the Griggsville high school. The guests are Misses Velma Loveless, Catrina Shoemaker, Mildred Turnbull, Hazel Pyle and Sue Wade.

## FRED BUFFE BREAKS ARM

Fred G. Buffe of Peoria, son of Mr. and Mrs. Otto F. Buffe of this city fell down a stairway in the Crutchfield barber shop in Peoria Saturday night and fractured his arm. Mr. Buffe had stepped into the cellar way to change his clothing and stepped backward falling down the steps. About two years ago Mr. Buffe broke his leg in an accident.

## MOUND ROAD RESIDENTS PLAN FOR PAVING

Money Said to Have Been Subscribed  
For Improvement West From City  
Limits to Maplecrest Sanatorium.

According to a well authenticated story but one which lacks details, residents of Mound avenue, west of the city limits have practically agreed to pay the cost of a pavement extending from the city limits to the entrance to Maplecrest Sanatorium. This improvement must be by agreement for there is no law which compels property owners in the county to join in any paving project. It is said that the property owners have had several meetings and that an agreement has been practically reached. The plans and specifications will be drawn and the work will be done under the supervision of some engineer employed by the property owners. Tarvia is said to be favorably considered by the property owners as the material to be used.

This project will bring to attention the paving of Mound avenue from Park street to the city limits which has already been discussed several times in the past. Unless the paving outside the city limits connected with a city pavement it would not be a great deal of value to the residents outside the city limits. It is very probable, therefore, that the project for paving Mound avenue will be immediately revived. When it was considered before the property owners representing more than a majority of the frontage were heartily in favor of paving. If this same condition prevails now there will be little or no opposition when the hearing is called by the board of local improvement.

## HENRY KRUSA BUYS DODGE CAR

Babb & Gibbs have just delivered to Henry Krusa of Bluffs a five passenger Dodge touring car.

## CO. B. PRIVATES ARRESTED

Charles Anderson and J. H. Ramsey of B Company, Fifth Illinois Infantry, were arrested near Camp Dunne, Springfield, Sunday on the charge of assault with deadly weapons. The men were engaged in a crap game near the barracks and an argument ensued. Anderson alleges that Ramsey struck him on the head with a pair of brass knuckles, and Ramsey claims that Anderson attacked him with a black jack and inflicted a painful wound on his head. However Monday morning they withdrew the warrants and were released from the county jail. When arrested by the camp guards they were stripped of their uniforms and donned overalls and jumpers, but returned to their company Monday.

Russell W. Taylor, Jacksonville; Ila Ferreira, Jacksonville.

## A. P. GOOD-FELLOWSHIP CLUB'S ANNUAL BANQUET IN CHICAGO

Men Back from European and Mexican Wars Address Members—  
Jacksonville Seeks 1917 Convention

Members of the Associated Press Good-Fellowship club, Illinois-Iowa Branch, held their third annual banquet at the Auditorium Hotel in Chicago Sunday. About forty members were present and at the business meeting preceding the banquet the annual election of officers was held.

Jacksonville, Peoria, Springfield, and Chicago are seeking the next convention and Earl Nola of Quincy was appointed to make the selection. The election of officers resulted in the choice of the following:

President—H. S. Muggeridge, Chicago.  
Vice-president—T. J. McBréen, Chicago.  
Secretary—Robert Zeigler, Chicago.

Treasurer—W. J. Purse, Chicago.  
Directors—W. F. Weber, Chicago, representing the telegraph companies; John Sheehan, Springfield, representing the telegraph editors; M. E. Coleman, Chicago, representing the news department of the Associated Press; and W. W. Soergel, traffic, Chicago.

Paul Cowles of Chicago, superintendent of the Central Division, read the following message to the club from Mr. Melville E. Stone of New York City, general manager of the Associated Press:

"A. P. Good-Fellowship Club, Chicago: I have asked Mr. Martin to go out to your meeting. First because I want you to know him and I want him to know you. He is well worth your acquaintance. Second because I cannot go I want him to bear to you my word of greeting.

"I am sorry that I find it impossible to be with you. Some of us have worked together for years. Not as master and man but as yokefellow, workers is what I believe to be an important enterprise. With mutual self-respect and I trust with reciprocal esteem, we have shared in creating a great and well regarded institution. For the success that has marked the endeavor you are entitled to a very large measure of credit.

"Your work has been most exacting. I know of few vocations more so. If at any time I have failed to make due acknowledgement for your loyalty, your untiring zeal, and your patient toil, believe me I am sorry. To sit at a ket hour after hour, silk or well, and exiled from that natural recreation and pleasure that others enjoy is trying. You have made the members of the Associated Press our debtors. You have placed me under personal obligation. I am proud of you and grateful to you."

Following the banquet an unusually interesting program of toasts was given. Mr. Melville E. Coleman of Chicago acted as toastmaster and introduced the first speaker, Frederick Roy Martin of New York City, assistant general manager of the Associated Press, who came as a special representative of Mr. Melville E. Stone general manager of the Associated Press. Mr. Martin just recently returned from Europe where he was in charge of the gathering of war news for the Associated Press. While there he visited the different battle fronts in Germany France and Belgium and interviewed a number of high officials of those countries and England. Mr. Martin explained very interestingly how this biggest job in news gathering in the world is handled.

William L. Baptist of Bloomington, retiring president of the organization was also slated for an address and Howard W. Blakesley of Chicago gave a vivid account of his work for the Associated Press in Mexico. O. J. Kloer and assistant, singers and players; and Steve Juhasz, magician, also assisted in entertaining the diners.
